creating geofences, supervising drivers, organizing vehicles, increasing fleet efficiency; computer hardware, computer software, visual electronic display and audio modules, used as a unit, intended for collision warning by activating automatic emergency breaking, enabling high-low beam control, alerting trucks, buses, commercial vehicles, trams and forklifts drivers of cyclists, pedestrians and motorcyclist, and identifying objects, namely, traffic signs and traffic lights; computer hardware and computer software enabling in cabin view, monitor passengers, driver monitoring systems (DMS), occupation monitoring systems (OMS); infotainment systems displaying data for autonomous vehicles and for assisted driving, intervention driving, semi-automated driving and automated driving, comprised of display devices and augmented display devices; downloadable computer software for coordinating, scheduling, booking, and dispatching vehicles for passenger and freight transport; downloadable computer software for managing freight transportation by truck and autonomous vehicles; downloadable computer software for coordinating the transport and delivery of goods; navigation apparatus for vehicles; navigational instruments for vehicles; steering apparatus, automatic, for vehicles, namely, computer hardware and downloadable operational software for steering vehicles; radar apparatus; lasers, not for medical purpose; laser device for sensing distance to objects; laser equipment for non-medical purposes; laser measuring systems; laser object detectors for use on vehicles; lasers for measuring purposes; lidar apparatus; computer hardware and software platform for automated vehicles parking and automated parking facilities, enabling unmanned positioning, transporting, lifting, loading and turning of vehicles for their automated parking and retrieval; automated parking solution system, namely, control systems for use in vehicles parking and parking facilities which are comprised of, computer hardware, programmable logic controllers, computer user interface display boards, keyboard, computer software for use in automating parking and for the storage of vehicles; autonomous valet parking; computer programs and software for the collection, compilation, processing, transmission and dissemination of global positioning system (GPS) data for use in fixed, mobile and handheld devices; electronic database featuring roadway, geographic, map, public transit lines information, public transit routes information, public transit timetables and any and all public transit information recorded on computer media and navigation software for calculating and displaying routes of public transit; public transit navigation system featuring interactive digital map displays, interactive instructions and user generated information; interactive social computer software in the field of public transit, navigation, geographic, map and travel information; interactive social computer software to enable the transmission of public transit information, mapping, navigation, traffic, routes and point-of-interest information to telecommunications networks, cellular phones, navigation devices and other mobile and hand-held devices; interactive social computer software enabling exchange of information among users; electric or magnetic meters and testers for automotive vehicles, namely, diagnostic apparatus consisting of sensors for use in testing vehicle function and in diagnosing vehicle electrical and mechanical problems, integrated into a motor vehicle; wireless transmission and receiving equipment for use in connection with remote computers for use in automobiles for tracking, monitoring and diagnosing vehicle maintenance and for providing information to drivers; apparatus for detecting and analyzing malfunctions and breakdowns of machines; electronic devices in the nature of transportation control systems for unmanned transportation units; electronic components for unmanned transportation units, namely, connectors and interconnectors for computers and computer hardware, computer network interface devices and computer interface boards, electronic display interfaces, and electronic communication systems comprised of computer hardware and software to enable signaling, switching and control of electronic components for aerial robotics and power management, data management, downlink transmission control, and interactions with other unmanned vehicles, all for mobility robotics and parts and fittings therefor; electronic vehicle tracking apparatus; electronic navigational and positioning apparatus and instruments; electronic instruments for detecting traffic; computers; computer software and computer hardware, namely, sensors and wireless transceivers to provide connectivity within the vehicle, between vehicles, with cell phones, and with data centers, in addition to tactile, audible, and visual interfaces to interact with occupants of the vehicle; electronic machines, apparatus and their parts for automotive vehicles, namely, proximity and back-up sensors, radar receivers with amplifiers, laser digital input and output scanners; electronic machines or apparatus for automotive vehicles, namely, on-board vehicle driver assistance systems and parts comprised of electronic human machine interface (hmi) displays, computer travel information panels, display monitors, liquid crystal display (LCD) screens; navigation software and navigation system apparatus for vehicles, gps navigation devices; computers for vehicles with autonomous driving functions or autonomous driving assistance functions; computer software for vehicles with autonomous driving functions or autonomous driving assistance functions for the operation, control, programming and monitoring of autonomous motor vehicles; electric machines and apparatus for autonomous driving functions and autonomous parking functions, namely, car navigation computers, electric proximity sensors, back-up sensors and back-up cameras; computer software for use in enable multi-modal travel monitoring and controlling vehicle safety applications; software defined imaging radar; FMCW frequency modulated continuous wave lidar software; ultrasonic sensors; radars sensors; lidars sensors; out-of-car sensor-cleaning; sensors calibration systems for windshield products, out-of-car sensors, in cabin sensors; computer software in the field of share programs for autonomous and user-operated vehicles; computer software for identifying availability and locations of vehicles; computer software for reserving and renting vehicles; computer software for providing planning routes, viewing maps, ride statistics and trip history for vehicles; computer software for receiving ride notifications for vehicles; computer software for operating share systems for vehicles; computer software for coordinating transportation services, namely, software for electronic message alerts featuring leads, optimal matches, and matching posts for services, scheduling, namely, connecting transportation providers with individuals and groups needing rides, the arrangement and booking of transportation, electronic messages, social networking services and profiles; computer software for coordinating transportation services, namely, software for the automated scheduling and dispatch of motorized vehicles; computer application software for mobile and wireless devices connecting drivers and passengers; downloadable computer software for providing geographic information, interactive geographic maps, images of maps and mapped locations; downloadable computer software for viewing and searching for information, photos, reviews, ratings of business and organizations; sensors for vehicles; sensors for land vehicles, namely, electric power steering torque sensors, sold as a component of the power steering system; sensors calibration systems for windshield products, out-of-car sensors, in cabin sensors; entertainment systems for automobiles.

Cl.12;Electric vehicles; autonomous vehicles; unmanned vehicles; robotic and self-driving transport vehicles that transport people, packages, and freight; driverless land vehicles; remote controlled land vehicles; dashboards for vehicles.

Cl.39;Providing location information about vehicles on roads for travel and delivery purposes; GPS navigation services, namely, providing road traffic guidance information; providing road and traffic information; providing travel information relating to schedules and prices of transport; providing vehicle parking space and optimized delivery points information regarding the location and availability of parking places; providing transmission of electricity information via telecommunication means; distribution and transmission of electricity to charge electric automobiles; electricity distribution; providing travel information; rental of motor vehicles and land vehicles; providing car sharing services; rental of driverless motor vehicles and driverless land vehicles; rental of vehicle equipment and accessories; providing autonomous delivery services, car sharing; car pooling; taxi services; courier services; GPS navigation services; vehicle driving services; providing customized driving directions; providing on-line driving directions to various locations of

others; providing information regarding transportation services and bookings for transportation services via a website; mobile information services, namely, traffic information and directional services to vehicle operators; providing information and news in the field of travel and traffic information; providing information in the nature of GPS navigation services and travel route planning regarding the location and availability of gasoline and electric; vehicle and transport reservation services; transportation and delivery of goods by motorized vehicle; car rental; car sharing services; leasing of motor vehicles; rental car reservation; rental of electric cars; vehicle sharing services, namely, providing temporary use of electrically powered motor vehicles; mobility as a service (MaaS) providing direction and transportation information and services, coordinating and ordering the pickup and drop off of passengers or goods at designated or directed locations; provision of travel information, namely, providing roadway, navigation, geographic, map and travel information; providing an online interactive database featuring travel information; navigation services in the nature of environmental sensing navigation services featuring interactive digital map displays, interactive instructions and user generated information, utilizing cloud computing technology; autonomous valet parking services; goods and passengers transport by autonomous vehicles; public transit information; tracking of public transit vehicles and public transit vehicles passengers by fixed devices, mobile devices, handheld devices or via GPS; online advisory services relating to the tracking of transit lines timetables and routes; providing online information relating to travel via public transit and public transit services; interactive and social online public transit passenger routing by computer and data networks; providing roadway, geographic, travel via public transit, mapping, navigation, traffic and point-of-interest information via telecommunication networks, cellular phones, hand-held devices and wireless navigation devices; autonomous valet parking services.

Cl.42;Providing software as a service (SaaS) enabling fleet management service via an online platform that provides actionable data that manages vehicles fleets, organizing, processing, and presenting collected data, enabling monitoring fleet safety, tracking fleet routes, retracing vehicle trips, creating geofences, supervising drivers, organizing vehicles, increasing fleet efficiency; providing software as a service (SaaS) enabling, augmenting and enhancing the autonomous driving of vehicles, autonomous navigation, autonomous control of vehicles and assisted driving; providing software as a service (SaaS) or providing an online interactive database for the collection, compilation, processing, transmission and dissemination of positioning data featuring roadway, geographic, map, route planning, crowd source information and travel information enabling structuring, maintaining and using computerized models of an environment of the vehicle by processing signals from sensors, recognition of landmarks including traffic signs, road profile and lampposts and correcting ego motion estimation; providing vehicles navigation and autonomous driving services featuring interactive digital map displays, interactive instructions and user generated information, utilizing cloud computing technology; scientific and technological services, namely, research and design services in the field of autonomous driving of vehicles, autonomous navigation, autonomous control of vehicles and assisted driving; computer software design; computer programming; maintenance of computer software; monitoring of computer systems by remote access to ensure proper functioning; electronic monitoring of vehicle data to ensure proper functioning; providing temporary use of on-line non-downloadable software for use in connection with online subscription services, that enables users to play and program audio, video, text and multimedia content; providing use of non-downloadable computer software in the field of share programs for autonomous and user-operated vehicles; providing use of non-downloadable computer software for identifying availability and locations of vehicles; providing use of non-downloadable computer software for reserving and renting vehicles; providing use of non-downloadable computer software for providing planning routes, viewing maps, ride statistics and trip history for vehicles; providing use of non-downloadable computer software for receiving ride notifications for vehicles; providing use of non-downloadable computer software for operating share systems for vehicles; remote monitoring of a vehicle carrying a passenger, fleet maintenance and repair, passenger interaction, payment verification, vehicle software testing and validation, data collection of a drivable environment, and 3D map generation for vehicles and for supporting autonomous vehicle fleet companies; providing online non-downloadable computer software for displaying geographic information, interactive geographic maps, and images of maps and mapped locations; providing non-downloadable computer software for viewing and searching for information, photos, reviews, ratings of business and organizations, weather and travel information; hosting online facilities for conducting interactive discussions; scientific, technological, research and design services related to telecommunication and navigation signals, namely, design and development of telecommunications and navigation software and equipment; providing software as a service (SaaS) and platform as a service (PaaS) for automated vehicles parking and automated parking facilities, enabling unmanned positioning, transporting, lifting, loading and turning of vehicles for their automated parking and retrieval; automated parking solution system, namely, non-downloadable software for use in vehicles parking and parking facilities which are comprised of, computer hardware, programmable logic controllers, computer user interface display boards, keyboard, computer software for use in automating parking and for the storage of vehicles; providing software as a service, non-downloadable computer software, for anti-theft protection; mobility as a service providing online software services, namely, providing online non-downloadable software for transportation services, namely, coordinating, booking, and dispatching autonomous vehicles; providing online software services, namely, online non-downloadable software for coordinating the transport and delivery of goods; research, design, and development of sensors and for structural parts thereof; development of algorithms and computing methods for processing and optimization of navigation and traveling via public transit data; development of algorithms and computing methods for processing and optimization of data received from global positioning system (GPS) and communication networks; design and development of navigation and rout planning via public transit software; interactive social navigation services; scientific, technological, research and design services related to telecommunication and navigation signals.

Cl.39; Providing location information about vehicles on roads for travel and delivery purposes; GPS navigation services, namely, providing road traffic guidance information; providing road and traffic information; providing travel information relating to schedules and prices of transport; providing vehicle parking space and optimized delivery points information regarding the location and availability of parking places; providing transmission of electricity information via telecommunication means; distribution and transmission of electricity to charge electric automobiles; electricity distribution; providing travel information; rental of motor vehicles and land vehicles; providing car sharing services; rental of driverless motor vehicles and driverless land vehicles; rental of vehicle equipment and accessories; providing

autonomous delivery services, car sharing; car pooling; taxi services; courier services; GPS navigation services; vehicle driving services; providing customized driving directions; providing on-line driving directions to various locations of others; providing information regarding transportation services and bookings for transportation services via a website; mobile information services, namely, traffic information and directional services to vehicle operators; providing information and news in the field of travel and traffic information; providing information in the nature of GPS navigation services and travel route planning regarding the location and availability of gasoline and electric; vehicle and transport reservation services; transportation and delivery of goods by motorized vehicle; car rental; car sharing services; leasing of motor vehicles; rental car reservation; rental of electric cars; vehicle sharing services, namely, providing temporary use of electrically powered motor vehicles; mobility as a service (MaaS) providing direction and transportation information and services, coordinating and ordering the pickup and drop off of passengers or goods at designated or directed locations; provision of travel information, namely, providing roadway, navigation, geographic, map and travel information; providing an online interactive database featuring travel information; navigation services in the nature of environmental sensing navigation services featuring interactive digital map displays, interactive instructions and user generated information, utilizing cloud computing technology; autonomous valet parking services; goods and passengers transport by autonomous vehicles; public transit information; tracking of public transit vehicles and public transit vehicles passengers by fixed devices, mobile devices, handheld devices or via GPS; online advisory services relating to the tracking of transit lines timetables and routes; providing online information relating to travel via public transit and public transit services; interactive and social online public transit passenger routing by computer and data networks; providing roadway, geographic, travel via public transit, mapping, navigation, traffic and point-of-interest information via telecommunication networks, cellular phones, hand-held devices and wireless navigation devices; autonomous valet parking services.

Cl.42;Providing software as a service (SaaS) enabling fleet management service via an online platform that provides actionable data that manages vehicles fleets, organizing, processing, and presenting collected data, enabling monitoring fleet safety, tracking fleet routes, retracing vehicle trips, creating geofences, supervising drivers, organizing vehicles, increasing fleet efficiency; providing software as a service (SaaS) enabling, augmenting and enhancing the autonomous driving of vehicles, autonomous navigation, autonomous control of vehicles and assisted driving; providing software as a service (SaaS) or providing an online interactive database for the collection, compilation, processing, transmission and dissemination of positioning data featuring roadway, geographic, map, route planning, crowd source information and travel information enabling structuring, maintaining and using computerized models of an environment of the vehicle by processing signals from sensors, recognition of landmarks including traffic signs, road profile and lampposts and correcting ego motion estimation; providing vehicles navigation and autonomous driving services featuring interactive digital map displays, interactive instructions and user generated information, utilizing cloud computing technology; scientific and technological services, namely, research and design services in the field of autonomous driving of vehicles, autonomous navigation, autonomous control of vehicles and assisted driving; computer software design; computer programming; maintenance of computer software; monitoring of computer systems by remote access to ensure proper functioning; electronic monitoring of vehicle data to ensure proper functioning; providing temporary use of on-line non-downloadable software for use in connection with online subscription services, that enables users to play and program audio, video, text and multimedia content; providing use of non-downloadable computer software in the field of share programs for autonomous and user-operated vehicles; providing use of non-downloadable computer software for identifying availability and locations of vehicles; providing use of non-downloadable computer software for reserving and renting vehicles; providing use of non-downloadable computer software for providing planning routes, viewing maps, ride statistics and trip history for vehicles; providing use of non-downloadable computer software for receiving ride notifications for vehicles; providing use of non-downloadable computer software for operating share systems for vehicles; remote monitoring of a vehicle carrying a passenger, fleet maintenance and repair, passenger interaction, payment verification, vehicle software testing and validation, data collection of a drivable environment, and 3D map generation for vehicles and for supporting autonomous vehicle fleet companies; providing online non-downloadable computer software for displaying geographic information, interactive geographic maps, and images of maps and mapped locations; providing non-downloadable computer software for viewing and searching for information, photos, reviews, ratings of business and organizations, weather and travel information; hosting online facilities for conducting interactive discussions; scientific, technological, research and design services related to telecommunication and navigation signals, namely, design and development of telecommunications and navigation software and equipment; providing software as a service (SaaS) and platform as a service (PaaS) for automated vehicles parking and automated parking facilities, enabling unmanned positioning, transporting, lifting, loading and turning of vehicles for their automated parking and retrieval; automated parking solution system, namely, non-downloadable software for use in vehicles parking and parking facilities which are comprised of, computer hardware, programmable logic controllers, computer user interface display boards, keyboard, computer software for use in automating parking and for the storage of vehicles; providing software as a service, non-downloadable computer software, for anti-theft protection; mobility as a service providing online software services, namely, providing online non-downloadable software for transportation services, namely, coordinating, booking, and dispatching autonomous vehicles; providing online software services, namely, online non-downloadable software for coordinating the transport and delivery of goods; research, design, and development of sensors and for structural parts thereof; development of algorithms and computing methods for processing and optimization of navigation and traveling via public transit data; development of algorithms and computing methods for processing and optimization of data received from global positioning system (GPS) and communication networks; design and development of navigation and rout planning via public transit software; interactive social navigation services; scientific, technological, research and design services related to telecommunication and navigation signals.

igniting magnetos; churns; matrices for use in printing; machine fly-wheels; shearing machines for animals; blowing machines; knitting machines; galvanizing machines; bending machines; ironing machines; mineworking machines; blowing machines for the compression, exhaustion and transport of gases; blowing machines for the compression, sucking and carrying of grain; net hauling machines [fishing]; electroplating machines; bottle sealing machines; sealing machines for industrial purposes; embossing machines; engraving machines; finishing machines; crushing machines; waste disposal units; furnace loading machines; blade sharpening machines; stropping machines; earth moving machines; sausage making machines; cord making machines; lace making machines; butter machines; miso making machines; cigarette machines for industrial purposes; soy sauce making machines; stereotype machines; dyeing machines; bottle washing machines; dishwashers; machines for the application of sizing; bottle filling machines; cheese slicers, electric; racket stringing machines; leather-working machines; dairy machines; glass-working machines; tobacco processing machines; grain husking machines; painting machines; oil refining machines; peeling machines; machines for processing plastics; ore treating machines; printing machines for use on sheet metal; brewing machines; whitewashing machines; road sweeping machines, self-propelled; leather paring machines; machines for generating gas by electrolysis; bitumen making machines; papermaking machines; pasta making machines, electric; semiconductor manufacturing machines; machines for the production of sugar; weeding machines; sifting machines; cinder sifters [machines]; puddling machines; fluid dispensing machines for industrial use; tape dispensing machines for industrial use; notchers [machine tools]; bread cutting machines; road making machines; railroad constructing machines; machines for the textile industry; rammers [machines]; rail-laying**

machines; bottle capping machines; bottle stoppering machines; waste compacting machines; vegetable peelers, electric; die-stamping machines; stamping machines; darning machines; milking machines; drainage machines; wrapping machines; grain separators; bookbinding apparatus and machines for industrial purposes; machines and apparatus for cleaning, electric; machines and apparatus for carpet shampooing, electric; machines and apparatus for polishing [electric]; punching machines; riveting machines; kitchen machines, electric; foundry machines; smoothing presses; fleshing machines; flour mill machines; typesetting machines [printing]; hemming machines; grating machines for vegetables; braiding machines; rinsing machines; wringing machines for laundry; cutting machines; steam engines; printing machines; rotary printing presses; industrial inkjet printing machines; compressed air machines; handling machines, automatic [manipulators]; tilling machines for agricultural purposes; trimming machines; spinning machines; filling machines; friezing machines; satinizing machines; agricultural machines; mixing machines; sorting machines for industry; stitching machines; washing machines [laundry]; coin-operated washing machines; laundry washing machines incorporating a drying tumbler; clippers [machines]; spinning frames; kneading machines; typographic machines; typesetting machines [photocomposition]; beating machines; beaters, electric; packing machines; packaging machines; filtering machines; moulding machines; carding machines; sewing machines; typecasting machines; electromechanical machines for chemical industry; labellers [machines]; mills [machines]; mills for household purposes, other than hand-operated; pepper mills, other than hand-operated; centrifugal mills; machine wheelwork; feeders [parts of machines]; transmission mechanisms, other than for land vehicles; forge blowers; mixers [machines]; blenders, electric, for household purposes; vacuum cleaner bags; threshing machines; pneumatic hammers; hammers [parts of machines]; tilt hammers; power hammers; reeling apparatus, mechanical; motorized cultivators; motors for boats; clutches, other than for land vehicles; meat choppers, electric; superchargers; brake linings, other than for vehicles; guides for machines; suction nozzles for vacuum cleaners; vacuum cleaner attachments for disseminating perfumes and disinfectants; pumps [machines]; pumps [parts of machines, engines or motors]; aerating pumps for aquaria; vacuum pumps [machines]; compressed air pumps; petrol pumps for service stations; pumps for heating installations; beer pumps; pumps for counter-current swimming; lubricating pumps; self-regulating fuel pumps; fuel dispensing pumps for service stations; centrifugal pumps; hydrogen dispensing pumps for service stations; tin openers, electric; knives for mowing machines; chaff cutter blades; knives, electric; knives being parts of machines; shears, electric; scissors, electric; vegetable spiralizers, electric; engine mounts, other than for land vehicles; bearing brackets for machines; pulverisers [machines]; axles for machines; steam traps; chucks [parts of machines]; drill chucks [parts of machines]; exhaust manifold for engines; soldering irons, gas-operated; soldering irons, electric; gears, other than for land vehicles; reduction gears, other than for land vehicles; drilling machines; saws [machines]; chain saws; guns [tools using explosive cartridges]; glue guns, electric; compressed air guns for the extrusion of mastics; carburetter feeders; feeding apparatus for engine boilers; loading ramps; ploughs; pneumatic transporters; pneumatic controls for machines, motors and engines; hangers [parts of machines]; bearings [parts of machines]; anti-friction bearings for machines; roller bearings; self-oiling bearings; bearings for transmission shafts; ball-bearings; elevators [machines]; hoists; passenger elevators; pulleys; saw blades [parts of machines]; pistons [parts of machines or engines]; shock absorber plungers [parts of machines]; pistons for engines; pistons for cylinders; catalytic converters; torque converters, other than for land vehicles; fuel conversion apparatus for internal combustion engines; presses [machines for industrial purposes]; wine presses; fruit presses, electric, for household purposes; fodder presses; basket presses; printing presses; typographic presses; swaging machines; pneumatic or hydraulic linear actuators, other than for land vehicles; pedal drives for sewing machines; cleaning appliances utilizing steam; food processors, electric; springs [parts of machines]; spinning wheels; punches for punching machines; vacuum cleaners; touchless stationary vacuums; tambours for embroidery machines; radiators [cooling] for motors and engines; sewage pulverizers; air brushes for applying colour; regulators [parts of machines]; pressure regulators [parts of machines]; speed governors for machines, engines and motors; cutting blow pipes, gas-operated; blade holders [parts of machines]; loom shafts; gears for weaving looms; belts for machines; elevator belts; fan belts for motors and engines; dynamo belts; belts for motors and engines; adhesive bands for pulleys; industrial robots; household cleaning and laundry robots with artificial intelligence; robotic arms for preparing beverages; 3d printing pens; kick starters for motorcycles; joysticks being parts of machines, other than for game machines; paper feeders [printing]; whisks, electric, for household purposes; sparking plugs for internal combustion engines; glow plugs for diesel engines; brake segments, other than for vehicles; tedding machines; steam/oil separators; cream/milk separators; ball rings for bearings; sowers [machines]; exhausts for motors and engines; pigs for cleaning pipes; snow ploughs; sheaf-binding machines; shaft couplings [machines]; joints [parts of engines]; juice extractors, electric; straw [chaff] cutters; suction cups for milking machines; stands for machines; machine tools; die-cutting and tapping machines; woodworking machines; sharpening machines; portable laser engraving machines; bicycle assembling machines; mortising machines; stone-working machines; metalworking machines; size adjustment cutting machines for industrial purposes; threading machines; trueing machines; planing machines; looms [machines]; lathes [machine tools]; milling machines; hosiery looms [machines]; grinding machines; metal drawing machines; rolling mills; starters for motors and engines; stators [parts of machines]; glaziers' diamonds [parts of machines]; tables for machines; derricks; slide rests [parts of machines]; spin dryers [not heated]; couplings, other than for land vehicles; heat exchangers [parts of machines]; transmissions for machines; boiler tubes [parts of machines]; wind turbines; hydraulic turbines; turbines, other than for land vehicles; turbocompressors; central vacuum cleaning installations; suction machines for industrial purposes; machines for the mineralization of drinking water; washing installations for vehicles; degreasers [machines]; dust exhausting installations for cleaning purposes; sifting installations; pneumatic tube conveyors; dust removing installations for cleaning purposes; condensing installations; floating production, storage and offloading [fpso] units; pneumatic waste oil drainers; lifting apparatus; air suction machines; dividing machines; igniting devices for internal combustion engines; window closers, hydraulic; window closers, pneumatic; window closers, electric; washing apparatus; binding apparatus for hay; haulage apparatus [mining]; door openers, hydraulic; door openers, pneumatic; door openers, electric; hydraulic window openers; pneumatic window openers; electric window openers; curtain drawing devices, electrically operated; anti-pollution devices for motors and engines; beverage preparation machines, electromechanical; food preparation machines, electromechanical; portable ultrasonic washing devices for laundry; passenger elevator operating apparatus; control mechanisms for machines, engines or motors; shoe polishers, electric; machines and apparatus for wax-polishing, electric; air cushion devices for moving loads; handling apparatus for loading and unloading; elevating apparatus; semiconductor exposure apparatus for use in manufacture; aprons [parts of machines]; filter presses; filters for cleaning cooling air, for engines; filters being parts of machines or engines; moulds [parts of machines]; printing plates; journals [parts of machines]; centrifugal machines; elevator chains [parts of machines]; drive chains, other than for land vehicles; transmission chains, other than for land vehicles; cylinders for motors and engines; cylinders for machines; printing cylinders; pneumatic jacks; shuttles [parts of machines]; universal joints [cardan joints]; connecting rods for machines, motors and engines; steam mops; starter pinions; pulleys [parts of machines]; vacuum cleaner hoses; screwdrivers, electric; brushes [parts of machines]; dynamo brushes; brushes for vacuum cleaners; brushes, electrically operated [parts of machines]; carbon brushes [electricity]; ejectors; robotic exoskeleton suits, other than for medical purposes; fuel economisers for motors and engines; excavators; shovels, mechanical; grain elevators; agricultural elevators; motors, electric, other than for land vehicles; electrodes for welding machines; electric hammers; parquet wax-polishers, electric;

cartridges for filtering machines; moving staircases [escalators]; automatic grapnels for marine purposes; railway wagon lifts.

Cl.9;3d spectacles; 3d scanners; dvd players; juke boxes, musical; fire engines; answering machines; electrical adapters; batteries for electronic cigarettes; accumulators, electric; batteries, electric, for vehicles; accelerometers; actinometers; alidades; breathalyzers; altimeters; ear pads for headphones; ammeters; apparatus for testing breast milk, other than for medical or veterinary use; nanoparticle size analysers; anemometers; anodes; aerials; anticathodes; apertometers [optics]; high-frequency apparatus; testing apparatus not for medical purposes; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; monitoring apparatus, other than for medical purposes; sound recording apparatus; global positioning system [gps] apparatus; remote control apparatus; distillation apparatus for scientific purposes; diffraction apparatus [microscopy]; air analysis apparatus; apparatus to check franking; sound transmitting apparatus; breathing apparatus for underwater swimming; breathing apparatus, not for medical purposes; apparatus and installations for the production of x-rays, not for medical purposes; cash registers; electric apparatus for commutation; magnetic resonance imaging [mri] apparatus, not for medical purposes; intercommunication apparatus; stills for laboratory experiments; projection apparatus; fire extinguishing apparatus; radiological apparatus for industrial purposes; x-ray apparatus not for medical purposes; blueprint apparatus; flashing lights [luminous signals]; stereoscopic apparatus; telephone apparatus; facsimile machines; fermentation apparatus for laboratory use; phototelegraphy apparatus; igniting apparatus, electric, for igniting at a distance; acid hydrometers; salinometers; acidimeters for batteries; aerometers; beacons, luminous; battery jars; automated teller machines [atm]; barometers; anode batteries; galvanic batteries; ignition batteries; solar batteries; solar panels for the production of electricity; batteries, electric; balances [steelyards]; betatrons; binoculars; bioreactors for cell culturing for scientific research; bioreactors for laboratory use; biochips; electronic tags for goods; lens hoods; magnetic tape units for computers; computer memory devices; fire hose nozzles; encoded identification bracelets, magnetic; connected bracelets [measuring instruments]; safety tarpaulins; electronic key fobs being remote control apparatus; bullet-proof clothing; signalling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; variometers; internal cooling fans for computers; verniers; scales; baby scales; letter scales; bathroom scales; weighbridges; precision balances; scales with body mass analysers; levelling staffs [surveying instruments]; camcorders; video baby monitors; video cassettes; video mixing desks; video projectors; video telephones; video screens; viewfinders, photographic; electric plugs; micrometer screws for optical instruments; viscosimeters; circuit closers; wavemeters; voltmeters; flash lamps for smartphones; mechanical signs; digital signs; switchboxes [electricity]; current rectifiers; gas testing instruments; gasometers [measuring instruments]; galvanometers; hands-free kits for telephones; headsets; headsets for playing video games; heliographic apparatus; apparatus for generating gas for calibration purposes; ozonizers for calibration purposes; hygrometers; wet suits; dry suits; dive skins; hydrometers; weights; peepholes [magnifying lenses] for doors; hairdressing training heads [teaching apparatus]; holograms; plotters; loudspeakers; sounding leads; plumb bobs; range finders; gauges; parking sensors for vehicles; piezoelectric sensors; densimeters; densitometers, not for medical purposes; holders adapted for mobile telephones and smartphones; detectors; smoke detectors; infrared detectors; counterfeit coin detectors; joysticks for use with computers, other than for video games; transparencies [photography]; slide projectors; diaphragms [photography]; dictating machines; thin film speakers; wearable speakers; dynamometers; light-emitting diodes [led]; quantum dot light-emitting diodes [qled]; organic light-emitting diodes [oled]; floppy disks; phonograph records; disks, magnetic; optical discs; circular slide rules; disk drives for computers; juke boxes for computers; head-mounted displays; wearable video display monitors; electronic numeric displays; dna chips; dosimeters; electronic interactive whiteboards; electronic notice boards; electric wire harnesses for automobiles; bullet-proof vests; life jackets; reflective safety vests; identification threads for electric wires; nose clips for divers and swimmers; biometric locks; padlocks, electronic; locks, electric; bells [warning devices]; alarm bells, electric; electric door bells; signal bells; acoustic conduits; mirrors for inspecting work; safety signs [luminous]; road signs, luminous or mechanical; warning signs [luminous]; signs, luminous; downloadable emoticons for mobile phones; marine depth finders; probes for scientific purposes; buzzers; needles for surveying compasses; needles for record players; eyewear; reflective articles for wear, for the prevention of accidents; measures; pressure measuring apparatus; wheel alignment meters; simulators for the steering and control of vehicles; inverters [electricity]; pressure indicators; automatic indicators of low pressure in vehicle tyres; temperature indicators; inductors [electricity]; incubators for bacteria culture; measuring instruments; cosmographic instruments; mathematical instruments; levelling instruments; surveying instruments; azimuth instruments; interfaces for computers; audio interfaces; ionization apparatus not for the treatment of air or water; satellite finder meters; spark-guards; coaxial cables; fibre optic cables; cables, electric; calipers; slide calipers; screw-tapping gauges; calorimeters; calculating machines; pocket calculators; decompression chambers; rearview cameras for vehicles; cinematographic cameras; thermal imaging cameras; mouth guards for sports; life-saving capsules for natural disasters; electronic pens [visual display units]; holders for electric coils; biometric identity cards; identity cards, magnetic; video game cartridges; toner cartridges, unfilled, for printers and photocopiers; ink cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; encoded magnetic cards; riding helmets; protective helmets; carriers for dark plates [photography]; cathodes; spools [photography]; choking coils [impedance]; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; thin client computers; encoded key cards; downloadable cryptographic keys for receiving and spending crypto assets; electronic book readers; electronic agendas; push buttons for bells; mouse pads; dashboard mats adapted for holding mobile telephones and smartphones; magnetic encoders; visors for helmets; collectors, electric; portable speakers; calibrating rings; smart rings; mobile phone ring holders; mobile phone ring stands; ring sizers; protective suits for aviators; commutators; compact discs [audio-video]; compact discs [read-only memory]; comparators; marine compasses; computers; quantum computers; laptop computers; tablet computers; notebook computers; wearable computers; condensers [capacitors]; contacts, electric; controllers for servo motors; smart home hubs; musical instrument digital interface controllers being audio interfaces; electronic controllers for servo motors; wind socks for indicating wind direction; traffic cones; branch boxes [electricity]; distribution boxes [electricity]; junction boxes [electricity]; battery boxes; cabinets for loudspeakers; diving suits; haptic suits, other than for medical purposes; downloadable e-wallets; evacuation chairs; galena crystals [detectors]; covers for electric outlets; logs [measuring instruments]; lasers, not for medical purposes; lactodensimeters; lactometers; vacuum tubes [radio]; darkroom lamps [photography]; selfie ring lights for smartphones; thermionic valves; amplifying tubes; flashlights [photography]; lanyards for cell phones; head cleaning tapes [recording]; magnetic tapes; videotapes; surveying chains; fire escapes; rulers [measuring instruments]; square rulers for measuring; slide-rules; contact lenses; correcting lenses [optics]; optical lenses; optical condensers; sounding lines; electricity conduits; measuring spoons; magnifying glasses [optics]; thread counters; decorative magnets; magnets; close-up lenses; crash test dummies; resuscitation mannequins [teaching apparatus]; mouse [computer peripheral]; trackballs [computer peripherals]; pressure gauges; security tokens [encryption devices]; computer network routers; divers' masks; solderers' helmets; protective masks, not for medical purposes; dust masks incorporating air purification; respiratory masks, not for medical purposes; materials for electricity mains [wires, cables]; voting machines; money counting and sorting machines; material testing instruments and machines; furniture

especially made for laboratories; megaphones; portable media players; diaphragms [acoustics]; diaphragms for scientific apparatus; metal detectors for industrial or military purposes; digital weather stations; metronomes; rules [measuring instruments]; carpenters' rules; dressmakers' measures; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; coin-operated mechanisms for television sets; shutter releases [photography]; micrometers; microprocessors; microscopes; microtomes; microphones; wireless speaker microphones; audio mixers; modems; lightning conductors; monitors [computer hardware]; monitors [computer programs]; selfie sticks [hand-held monopods]; terminals [electricity]; junction sleeves for electric cables; data sets, recorded or downloadable; teeth protectors; temperature indicator labels, not for medical purposes; knee-pads for workers; headphones; earpieces for remote communication; surveyors' levels; sound recording carriers; magnetic data media; optical data media; electronic sheet music, downloadable; computer game software, recorded; computer software, recorded; downloadable computer software for managing crypto asset transactions using blockchain technology; software as a medical device [samd], downloadable; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; shoes for protection against accidents, irradiation and fire; objectives [lenses] [optics]; lenses for astrophotography; selfie lenses; egg-candlers; fire extinguishers; rescue laser signalling flares; electrified fences; limiters [electricity]; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; asbestos clothing for protection against fire; clothing especially made for laboratories; survival blankets; octants; eyepieces; ohmmeters; wrist rests for use with computers; spectacle frames; oscillographs; plumb lines; mirrors [optics]; eyeglasses; anti-glare glasses; spectacles for correcting colour vision deficiency; sunglasses; sunglasses for pets; goggles for sports; electronic collars to train animals; finger sizers; signalling panels, luminous or mechanical; biometric passports; wah-wah pedals; effects pedals for guitars; radio pagers; pince-nez; electronic pocket translators; transmitters [telecommunication]; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; data gloves; gloves for divers; gloves for protection against accidents; gloves for protection against x-rays for industrial purposes; asbestos gloves for protection against accidents; insulating gloves for protection against accidents; furnaces for laboratory use; droppers for measuring, other than for medical or household purposes; laboratory pipettes; pyrometers; planimeters; plane tables [surveying instruments]; plates for batteries; computer software platforms, recorded or downloadable; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; protective films adapted for computer screens; protective films adapted for smartphones; sound recording strips; mobile phone screen protectors; x-ray films, exposed; films, exposed; life-saving rafts; animal signalling rattles for directing livestock; gimbals for smartphones; gimbals for digital cameras; laboratory trays; stands adapted for laptops; in-car telephone handset cradles; cooling pads for laptop computers; airbags for safety purposes for fall protection; semiconductors; polarimeters; personal digital assistants [pdas]; fire pumps; measuring glassware; weight belts for divers; life belts; fuses; circuit breakers; converters, electric; telerupters; food analysis apparatus; diagnostic apparatus, not for medical purposes; distance recording apparatus; distance measuring apparatus; speed measuring apparatus [photography]; appliances for measuring the thickness of leather; apparatus for measuring the thickness of skins; speed checking apparatus for vehicles; teaching apparatus; time recording apparatus; apparatus and instruments for astronomy; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; navigational instruments; optical apparatus and instruments; apparatus and instruments for physics; chemistry apparatus and instruments; measuring apparatus; measuring devices, electric; boiler control instruments; meteorological instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; regulating apparatus, electric; telecommunication apparatus in the form of jewellery; precision measuring apparatus; electric actuators; electric linear actuators; audio- and video-receivers; prisms [optics]; computer software applications, downloadable; wireless portable printers for use with laptops and mobile devices; ticket printers; printers for use with computers; hemline markers; retorts' stands; apparatus for changing record player needles; drainers for use in photography; cleaning apparatus for phonograph records; fire beaters; sighting telescopes for firearms; telescopic sights for artillery; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; computer programs, recorded; computer game software, downloadable; computer programs, downloadable; computer operating programs, recorded; computer screen saver software, recorded or downloadable; record players; processors [central processing units]; rods for water diviners; electronic publications, downloadable; distribution consoles [electricity]; control panels [electricity]; radar apparatus; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; screens for photoengraving; flowmeters; frequency extenders; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; stage lighting regulators; light dimmers [regulators], electric; speed regulators for record players; cell switches [electricity]; washing trays [photography]; marking gauges [joinery]; t-squares for measuring; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; body harnesses for support when lifting loads; x-ray photographs, other than for medical purposes; rheostats; respirators for filtering air, not for medical purposes; retorts; refractometers; refractors; grids for batteries; security surveillance robots; laboratory robots; teaching robots; telepresence robots; user-programmable humanoid robots, not configured; humanoid robots with artificial intelligence for use in scientific research; humanoid robots with artificial intelligence for preparing beverages; humanoid robots having communication and learning functions for assisting and entertaining people; electric sockets; height measuring instruments; speaking tubes; horns for loudspeakers; subwoofers; saccharometers; optical fibres [light conducting filaments]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; sports whistles; sextants; safety nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; smoke alarms; rescue flares, non-explosive and non-pyrotechnic; sirens; electronic access control systems for interlocking doors; autonomous navigation systems for ships; missile warning systems; scanners [data processing equipment]; scanners [apparatus] for performing automotive diagnostics; portable document scanners; hand-held electronic dictionaries; smart speakers; integrated circuit cards [smart cards]; smartglasses; smartwatches; smartphones; foldable smartphones; connections for electric lines; couplings, electric; connectors [electricity]; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; charging stations for electric vehicles; radiotelegraphy sets; radiotelephony sets; spectacle lenses; optical glass; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfitometers; bags adapted for laptops; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; parking meters; mileage recorders for vehicles; portable ultrafine dust meters; revolution counters; abacuses; egg timers [sandglasses]; taximeters; ear plugs for divers; tachometers; television apparatus; telegraphs [apparatus]; telescopes; teleprompters; teleprinters; cordless telephones; mobile telephones; theodolites; ticket dispensing terminals, electronic; credit card terminals; interactive touchscreen terminals; self-checkout terminals; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; climate control digital thermostats; crucibles [laboratory]; tone arms for record players; totalizators; transistors [electronic]; transponders; protractors [measuring instruments]; transformers [electricity]; step-up transformers; resuscitation training simulators; vehicle breakdown warning triangles; triodes; starter cables for motors; discharge tubes, electric, other than for lighting; capillary tubes for laboratory use; neon signs; pitot

tubes; x-ray tubes not for medical purposes; telephone receivers; headgear being protective helmets; squares for measuring; quantity indicators; petrol gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; slope indicators; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers; amplifiers for servo motors; particle accelerators; electric installations for the remote control of industrial operations; baby monitors; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; tape recorders; protection devices against x-rays, not for medical purposes; railway traffic safety appliances; data processing apparatus; oxygen transvasing apparatus; theft prevention installations, electric; devices for the projection of virtual keyboards; film cutting apparatus; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies; battery chargers; mobile phone chargers; chargers for electric accumulators; chargers for electronic cigarettes; portable power chargers; acoustic alarms; sounding apparatus and machines; life-saving apparatus and equipment; apparatus for editing cinematographic film; cathodic anti-corrosion apparatus; couplers [data processing equipment]; wearable activity trackers; anti-theft warning apparatus; computer peripheral devices; anti-interference devices [electricity]; dosage dispensers, not for medical use [measuring apparatus]; demagnetizing apparatus for magnetic tapes; acoustic couplers; alarms; whistle alarms; adding machines; readers [data processing equipment]; heat regulating apparatus; photocopiers [photographic, electrostatic, thermic]; electric and electronic effects units for musical instruments; bar code readers; head-up display apparatus for vehicles; downloadable ring tones for mobile phones; downloadable image files; downloadable music files; downloadable files authenticated by non-fungible tokens [nfts]; animated cartoons; filters for respiratory masks, not for medical purposes; filters for ultraviolet rays, for photography; filters for use in photography; usb flash drives; magic lanterns; optical lanterns; signal lanterns; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; digital photo frames; enlarging apparatus [photography]; photovoltaic cells; containers for contact lenses; contact lens cases incorporating ultrasonic cleaning functions; spectacle cases; containers for microscope slides; cases for smartphones; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; laboratory centrifuges; home automation hubs; spectacle chains; cyclotrons; compasses for measuring; frequency meters; time clocks [time recording devices]; petri dishes; sleeves for laptops; covers for personal digital assistants [pdas]; covers for tablet computers; covers for smartphones; cases for smartphones incorporating a keyboard; fire blankets; chips [integrated circuits]; jigs [measuring instruments]; pedometers; fire-extinguishing balls; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firefighters; fire hose; virtual reality headsets; protective helmets for sports; neural helmets, not for medical purposes; head guards for sports; lifeboats; snorkels; cell phone straps; spectacle cords; tripods for cameras; switchboards; distribution boards [electricity]; equalizers [audio apparatus]; screens [photography]; protective face shields for workers; projection screens; radiology screens for industrial purposes; fluorescent screens; exposure meters [light meters]; electrolysis apparatus for laboratory use; ducts [electricity]; galvanic cells; downloadable graphics for mobile phones; epidiascopes; ergometers; armatures [electricity]; black boxes [data recorders].
