Cl.7;Turbomachinery; turbochargers; electric turbomachinery; electric turbochargers; superchargers for engines; electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; blowers; electric blowers; compressors; electric compressors; electric and non-electric compressors as parts of machines, motors and engines; parts of engines, propellers, propulsion systems and power generation systems; turbines; turbines as parts of electric and non-electric turbomachinery; turbines as parts of electric and non-electric turbochargers; parts and accessories of electric and non-electric turbochargers and electric and non electric turbomachinery, namely, turbines, compressors, bearings, casings, shaft sealing components, lubrication devices, cooling devices, lubrication and cooling devices, air filter silencers, electric generators; heat recovery devices [parts of machines]; waste heat recovery systems; waste energy recovery systems; injection systems; fuel injection systems; pressure accumulator injection systems; water injection systems for engines; injectors for engines; injectors for machines; fuel injectors; injectors for fuel injection installations and exhaust gas after-treatment systems for engines; injection nozzles for pressure accumulator injection systems; fuel injection pumps; pumps; filters for fuel injection installations; injection nozzle holders being parts of motors, engines or machines; gas ignition systems; pre-combustion chambers for motors and engines; gas admission valves for pre-chambers; exhaust gas after-treatment systems; pumps and valves for exhaust gas after-treatment systems; high-pressure accumulators for injection installations; control apparatus for internal combustion engines and injection installations; hydraulic controllers for internal combustion engines and injection installations; seals for fuel injection systems; valves for injecting fuel into gas engines; valves for injection installations, in particular safety valves, circulation valves, constant flow regulators, control valves, electrohydraulic control valves for compressor regulation; pilot valves; assembly machines for internal combustion engines and injection systems; parts of the aforementioned goods.

Cl.9;Computer software; Apps; computer software and apps for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, heat recovery devices [parts of machines], waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; computer software and apps for the control and regulation of turbomachinery, turbochargers, electric turbomachinery,

electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; computer software and apps for measuring of temperatures, pressures, velocities and vibrations within turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; apparatus, instruments and devices for controlling and regulating turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; apparatus, instruments and devices for measuring of temperatures, pressures, velocities and vibrations within turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection

systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; sensors, in particular for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; testing and measuring apparatus for internal combustion engines and fuel injection systems; computer software, apps and electronic components for controlling, monitoring and regulating fuel injection systems.

Cl.12;Motors and engines for vehicles for locomotion by land, air, water or rail; Turbines for vehicles for locomotion by land, air, water or rail; vehicles for locomotion by land, air, water or rail.

Cl.37;Installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; Provision of information on installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; consultation and advisory services concerning the installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers,

butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; installation, maintenance, repair and initial operation of parts and accessories of fuel injection and fuel admission systems for engines for propulsion and power generation, workshop appliances and devices, power generators; installation, maintenance, repair and initial operation of controlling and regulating apparatus, instruments and devices, in particular for internal combustion engines and parts thereof; installation, maintenance, repair and initial operation of water injection systems for engines and parts thereof; installation, maintenance, repair and initial operation of gas ignition systems and parts thereof; installation, maintenance, repair and initial operation of assembly machines for internal combustion engines, injection systems and parts thereof; installation, maintenance and repair of apparatus, instruments and devices for control and regulation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; installation, maintenance and repair of sensors, in particular for generating data for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations.

Cl.38;Provision of access to databases and computer and communication networks for use in connection with the installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines,

injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations.

Cl.42;Rental, design, development, installation, maintenance and repair of computer software and apps for use in connection with turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; Rental, design, development, installation, maintenance and repair of computer software and apps for the control and regulation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; rental, design, development, installation, maintenance and repair of computer software and apps for measuring of temperatures, pressures, velocities and vibrations within turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-

electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; design, development of apparatus, instruments and devices for controlling and regulating turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; design, development of sensors, in particular for generating data for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; engineering services, including engineering services in the field of computer software, apps and hardware for use in connection with turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; industrial analysis and research services, including in the areas of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment

systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; rental, design, development, installation, maintenance and repair of computer software and apps; software as a service (SaaS); design and development of computer hardware and software for industrial applications; design and development of software for evaluation and calculation of data.

Cl.7;Transmission shafts and driving motors, other than for land vehicles; machine tools; handling machines, automatic [manipulators]; laser welding machines; linear actuators; linear motors, other than for land vehicles; linear actuators; assembly work platforms with precision positioning features; linear positioning platforms for processing and further transport [parts of machines]; CNC precision positioning platforms [parts of machines]; plastic jet moulding machines; machines and electric drives, other than for land vehicles, for use in the following fields: transport of goods; housings and frames for machines, motors and engines; industrial robots; robotic arms for industrial purposes; control mechanisms, for use in relation to the following goods: robotic machines; regulators [parts of machines]; regulators for engines; control mechanisms for machines, engines or motors; magnetic bearings (parts of machines); machine parts, namely engine bearings; electricity generators; electric power generators; emergency power generating installations; turbogenerators; blowing machines; turbines, other than for land vehicles; compressors [machines]; electrical pumps; electric motors and parts therefor (excluding those for land vehicles); motors for boats; servomotors; electrical drives for machines; alternating current motors; motor elements, in particular rotors and stators; stators [parts of machines]; gears for machines; couplings for machines; machine coupling and transmission components (except for land vehicles); apparatus for electricity generating from wind energy and installations composed thereof and related parts; wind-powered installations for generating electricity [wind farms]; electric power generators using biomass.

Cl.9;Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; electronic controllers for servo motors; electronic control devices, for use in relation to the following goods: machines; electronic controllers and electronic control devices, for use in relation to the following goods: electrical motors; electronic controllers, for use in relation to the following goods: CNC machines; electric and electronic controls for machines, namely positioning controls and motion controllers; industrial automation controls; controllers and regulators; inverter units, voltage regulators, especially for vehicles; power installations, for use in the following fields: operation, remote control and/or monitoring of industrial work processes; mains monitoring apparatus (electric -); wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; visualisation systems, devices with a screen, especially text display apparatus, operating terminals; electric signaling, measuring, counting, recording, monitoring, controlling, regulating and switching devices; electronic components and devices for converting, transforming and transmitting signals; measuring and checking (supervision) apparatus and instruments; electronic apparatus for data processing, data transmission and information exchange; modems, transmitters of electronic signals, transmitters [telecommunication]; voltage surge protectors for power supply units and signal interfaces; anti-interference devices, in particular mains line filters; computers; mini-computers (PDAs); computer peripheral devices; industrial computers; monitors; storage batteries, batteries, solar cells, chargers for use in relation to the following goods: storage batteries; electric energy accumulators; transformers [electricity]; electric and/or electronic power supply and/or mains devices (included in this class), including uninterruptible power supplies; apparatus for generating electricity using solar energy; electric and electronic apparatus and instruments and parts and fittings therefor, (included in this class), for regulating, controlling and monitoring installations for generating energy; solar collectors for electricity generation;

photovoltaic equipment for generating power and installations composed thereof and parts therefor; electronic control devices for thermal and photovoltaic solar installations; electric control devices for energy management; implements and and systems, for use in the following fields: feeding of electrical energy into electric supply networks; electrical control apparatus and instruments for wind energy installations, in particular for rotor blade adjustment; electrical control apparatus and electric drives, for use in relation to the following goods: wind-power installations; measuring apparatus for measuring angles, measuring apparatus for length and position measurement; sensors; electric sensors; resistances, electric, especially high power resistors; computer software, recorded, especially computer software [stored] for the control, regulation, optimising and diagnosing of machines and installations; computer programs (downloadable), especially computer programs [downloadable] for controlling, regulating, optimising and diagnosing of machines and installations; firmware; artificial intelligence software; application software for cloud computing services; application software for the programming and production control of machines for the treatment of materials; software for regulating, controlling and monitoring installations for generating energy; electronic publications, downloadable.

Cl.37;Repair, maintenance and installation of apparatus and instruments for generating, conducting, switching, transforming, accumulating, regulating or controlling electricity (electrical installation); interference suppression in electrical apparatus; building construction for erecting installations in the field of energy technology; building construction for erecting, installation, assembly, maintenance and repair of installations for generating electric and thermal energy from renewable energy sources.

Cl.41;Arranging and conducting of personnel training and further training, arranging and conducting of seminars, arranging and conducting of workshops [training].

Cl.42;Programming of electronic control systems; design and development of firmware systems; updating and adapting of computer programs according to user requirements; updating of software for data processing; software development, programming and implementation; programming of operating software for accessing and using a cloud computing network; customized design of computer software; providing artificial intelligence computer programs on data networks; platforms for artificial intelligence as software as a service [SaaS]; consultancy services relating to product engineering; computer aided industrial analysis services; industrial development services; technological consultancy; information technology consulting; professional advisory services relating to computer software; advice and consultancy in relation to computer networking applications; control technology consulting services; advisory services relating to industrial engineering; advisory services relating to man-machine interfaces for computer software; consulting in the field of cloud computing networks and applications.

Cl.7;Turbomachinery; turbochargers; electric turbomachinery; electric turbochargers; superchargers for engines; electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; blowers; electric blowers; compressors; electric compressors; electric and non-electric compressors as parts of machines, motors and engines; parts of engines, propellers, propulsion systems and power generation systems; turbines; turbines as parts of electric and non-electric turbomachinery; turbines as parts of electric and non-electric turbochargers; parts and accessories of electric and non-electric turbochargers and electric and non electric turbomachinery, namely, turbines, compressors, bearings, casings, shaft sealing components, lubrication devices, cooling devices, lubrication and cooling devices, air filter silencers, electric generators; heat recovery devices [parts of machines]; waste heat recovery systems; waste energy recovery systems; injection systems; fuel injection systems; pressure accumulator injection systems; water injection systems for engines; injectors for engines; injectors for machines; fuel injectors; injectors for fuel injection installations and exhaust gas after-treatment systems for engines; injection nozzles for pressure accumulator injection systems; fuel injection pumps; pumps; filters for fuel injection installations; injection nozzle holders being parts of motors, engines or machines; gas ignition systems; pre-combustion chambers for motors and engines; gas admission valves for pre-chambers; exhaust gas after-treatment systems; pumps and valves for exhaust gas after-treatment systems; high-pressure accumulators for injection installations; control apparatus for internal combustion engines and injection installations; hydraulic controllers for internal combustion engines and injection installations; seals for fuel injection systems; valves for injecting fuel into gas engines; valves for injection installations, in particular safety valves, circulation valves, constant flow regulators, control valves, electrohydraulic control valves for compressor regulation; pilot valves; assembly machines for internal combustion engines and injection systems; parts of the aforementioned goods.

Cl.9;Computer software; Apps; computer software and apps for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, heat recovery devices [parts of machines], waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves

for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; computer software and apps for the control and regulation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; computer software and apps for measuring of temperatures, pressures, velocities and vibrations within turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; apparatus, instruments and devices for controlling and regulating turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; apparatus, instruments and devices for measuring of temperatures, pressures, velocities and vibrations within turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas

admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; sensors, in particular for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; testing and measuring apparatus for internal combustion engines and fuel injection systems; computer software, apps and electronic components for controlling, monitoring and regulating fuel injection systems.

Cl.12;Motors and engines for vehicles for locomotion by land, air, water or rail; Turbines for vehicles for locomotion by land, air, water or rail; vehicles for locomotion by land, air, water or rail.

Cl.37;Installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; Provision of information on installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating,

ventilating, air conditioning and purification apparatus and installations; consultation and advisory services concerning the installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; installation, maintenance, repair and initial operation of parts and accessories of fuel injection and fuel admission systems for engines for propulsion and power generation, workshop appliances and devices, power generators; installation, maintenance, repair and initial operation of controlling and regulating apparatus, instruments and devices, in particular for internal combustion engines and parts thereof; installation, maintenance, repair and initial operation of water injection systems for engines and parts thereof; installation, maintenance, repair and initial operation of gas ignition systems and parts thereof; installation, maintenance, repair and initial operation of assembly machines for internal combustion engines, injection systems and parts thereof; installation, maintenance and repair of apparatus, instruments and devices for control and regulation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; installation, maintenance and repair of sensors, in particular for generating data for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations.

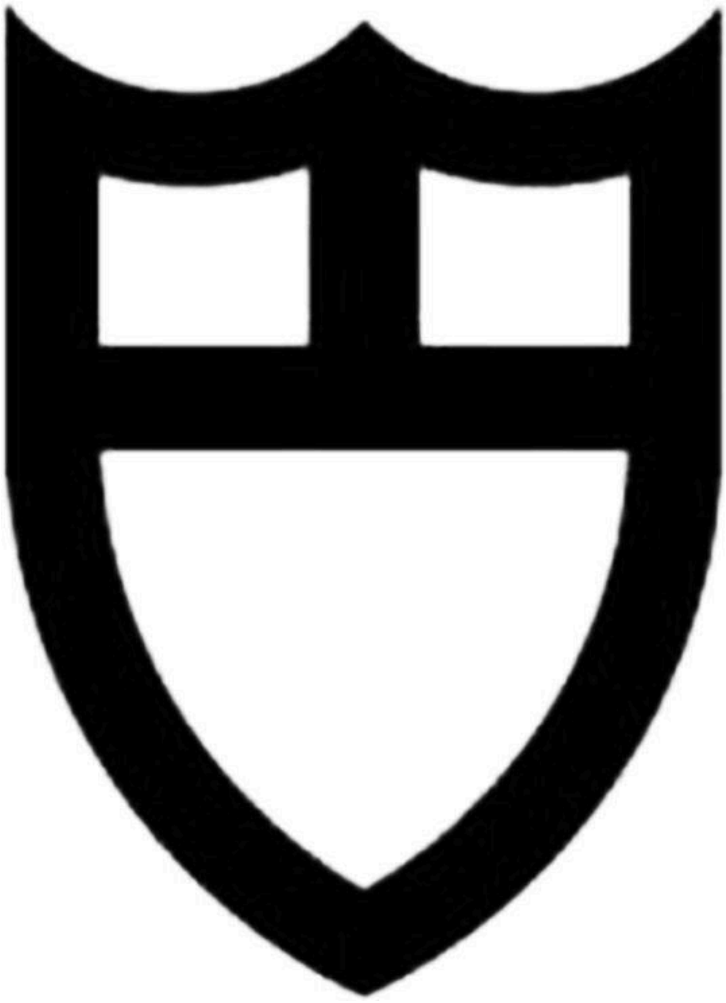

Cl.38;Provision of access to databases and computer and communication networks for use in connection with the installation, maintenance, repair and initial operation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric

blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations.

Cl.42;Rental, design, development, installation, maintenance and repair of computer software and apps for use in connection with turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; Rental, design, development, installation, maintenance and repair of computer software and apps for the control and regulation of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; rental, design, development, installation, maintenance and repair of computer software and apps for measuring of temperatures, pressures, velocities and vibrations within turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations,

control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; design, development of apparatus, instruments and devices for controlling and regulating turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; design, development of sensors, in particular for generating data for turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; engineering services, including engineering services in the field of computer software, apps and hardware for use in connection with turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; industrial analysis and research services, including in the areas of turbomachinery, turbochargers, electric turbomachinery, electric turbochargers, superchargers, blowers, electric blowers, compressors, electric compressors, motors, engines, propellers, butterfly valves, propulsion systems, power generation systems, turbines, power plants, waste heat recovery systems, waste energy recovery systems, injection systems, fuel injection systems, pressure accumulator injection systems, water injection systems for engines, injectors for engines, injectors for machines, fuel injectors, injectors for fuel injection

installations and exhaust gas after-treatment systems for engines, injection nozzles for pressure accumulator injection systems, fuel injection pumps, pumps, filters for fuel injection installations, injection nozzle holders, gas ignition systems, pre-combustion chambers for motors and engines, gas admission valves for pre-chambers, exhaust gas after-treatment systems, pumps and valves for exhaust gas after-treatment systems, high-pressure accumulators for injection installations, control apparatus for internal combustion engines and injection installations, hydraulic controllers for internal combustion engines and injection installations, seals for fuel injection systems, valves for injecting fuel into gas engines, valves for injection installations, pilot valves, assembly machines for internal combustion engines and injection systems, electric and non-electric turbomachinery for industrial treatment, heating, ventilating, air conditioning and purification apparatus and installations; rental, design, development, installation, maintenance and repair of computer software and apps; software as a service (SaaS); design and development of computer hardware and software for industrial applications; design and development of software for evaluation and calculation of data.
